DETAILED ACTION

Drawings

The objection to drawing informalities noted in the paper mailed on 4/16/04 has been withdrawn.

The drawings were received on 12/27/01. These drawings are accepted.

The following is an examiner's statement of reasons for allowance:

Claims 1-13 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest that identifying particular elements within the data set in response to search criteria and a pruning indicator display element is included as a portion of the display to indicate to a user that at least one directory structure associated with the immediate parent directory exists within the directory structure by has been omitted from the display as argued by the applicant in the response received on July 1, 2004, page 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
